CALL FOR PAPERS

1st Research Conference of the CEPR Network on Macroeconomic Modelling and Model Comparison (MMCN)

June 19-20, 2017, Goethe University Frankfurt

Deadline for submissions: April 20, 2017

Deadline for registration: May 20, 2017

[MMCN](#) is a new research network under the auspices of CEPR and is a part of the new Macroeconomic Model Comparison Initiative ([MMCI](#)) by the Hoover Institution at Stanford University and the [Institute for Monetary and Financial Stability](#) (IMFS) at Goethe University Frankfurt.

Quantitative macroeconomic models play an important role in informing policy makers about the consequences of monetary, fiscal and macro-prudential policies. The Macroeconomic Modelling and Model Comparison Network (MMCN) aims to make progress in this area by promoting collaboration among interested researchers in academia and policy institutions. It hopes to provide a forum for presenting new models and model comparisons, as well as the solution and estimation methods underlying them, thereby enhancing opportunities for building on the work of others.

The conference organizers welcome submissions of a theoretical or empirical nature and wish to explore interest in forming a network of researchers interested in model and policy comparison. Relevant topics include:

1. Modelling the financial sector in structural macroeconomic models
2. Modelling crises in structural macroeconomic models
3. Comparative analysis of monetary, fiscal and macro-prudential policies
4. Solution, estimation, simulation and forecasting with structural macroeconomic models
5. Model comparison and robust policies

SPECIAL TOPIC 2017: THE EFFECTS OF QUANTITATIVE MONETARY POLICY IN STRUCTURAL MODELS

If you would like to present a paper or attend the meeting, please send an e-mail to Jakob.Liermann@hof.uni-frankfurt.de. The deadline for paper submissions is April 20, 2017. Authors of successful submissions will be notified by May 10, 2017. General registration ends on May 20, 2017. Limited funding is available for travel expenses for academic participants presenting papers or acting as discussants.

The Organizers:

Michael Binder (IMFS, Goethe University Frankfurt)

John B. Taylor (Stanford University and Hoover Institution)

Volker Wieland (IMFS, Goethe University Frankfurt and CEPR)

MMCI is supported by a generous grant from the [Alfred P. Sloan Foundation](#). IMFS also thanks the [Foundation of Monetary and Financial Stability](#) / [Stiftung Geld und Wahrung](#) for financial support.
